

K-Love radio serves me by providing positive, uplifting music everyday as well as encouraging words on a daily basis. By taking this type of station off the air a tremendous disservice to the community would be taking place. I can't fathom the idea. This radio station changes peoples lives in a great way for EVERYONE!!! I listen to K-Love regularly and encourage others I know to do so because it has such a positive impact on peoples lives. Other secular radio stations produce cannot come close to saying that.  
Thanks for your time.
